

K&M TIRE 2012 PRODUCT BOOK TRUCK AND FARM EDITION

JANUARY 2012

WHAT WE CAN OFFER YOU

Our Story

K&MTire was founded in 1970 as a two-bay gas station in a small Northwest Ohio town called Ottoville. Not long after the gas station was opened, K&MTire began wholesale tire distribution operations. By 1980, the gas station was sold and K&M moved into a more spacious facility in Delphos, OH in order to expand the wholesale tire business.

The 1980's brought an expansion into the retail tire business as K&M opened several tire and service facilities. However, all retail locations were sold within just a few short years in order to focus strictly on the wholesale business. In 1990, K&M opened a new location in Toledo, OH and moved into a larger facility in Delphos in 2000.

Strong leadership, outstanding work ethic, an innate desire to succeed, and a genuine love of the business have allowed K&M to become the company it is today. With more than 250 employees at 12 locations, serving thousands of customers across 21 states, K&MTire strives to offer quality service, a diversified product line, and numerous beneficial programs to our customers.

1996: K&MTire purchases Rao Tire and expands to the Detroit, MI market

1998: K&M Tire purchases Premier Fleet Services in Macon GA.

2000: K&M expands coverage area to include Northern Indiana and Chicago, Illinois

2001: Solidifying market coverage in Chicago, K&M purchases Berry Tire's three Chicagoland locations. Not long after, the three locations are consolidated into one facility with a strong concentration on growing the wholesale tire distribution business.

2001: Detroit, MI location expands operations and moves to a larger facility

2008: K&M opens a new warehouse in Grand Rapids, MI to improve service within Western Michigan

2010 (September): To better service our customer base in Northern Illinois and Southern Wisconsin, K&M opens a new warehouse in Madison, WI

2010 (November): K&M acquires Triton Tire & Battery from Eagan Minnesota-based Universal Cooperatives. The acquisition makes K&MTire one of the largest distributors of farm tires in the United States with four additional warehouses throughout the Great Plains and Mississippi Valley. New locations in Wichita, KS; Omaha, NE; Bismarck, ND; and Minneapolis, MN, along with a new warehouse in Des Moines, IA allows K&M to better service our Western customers.

2011 (January): K&M re-launches the Mr. Tire program, which is K&M's own multi-branded dealer program. Mr. Tire is re-branded and allows our loyal dealers to access online tire sales, among numerous other benefits, including parts and oil programs, as well as signage and uniform programs.

2011 (August): K&M expands our commercial tire operation in Macon, GA to include wholesale distribution with improved delivery and a greater focus on distribution.

2011 (September): The Mr. Tire dealer network expands to include more than 265 servicing locations nationwide.
